

Scalford C of E Primary School

P.E. and Sport Premium Report 2023/2024

Total PE and Sports Premium Funding = £16,580

The Physical Education (PE) and Sport Premium provides funding for primary schools to help them improve the quality of PE, physical activity and sport.

Schools should use the premium to:

- Develop or add to the PE, physical activity and sport activities that their school already offers;
- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years.

Schools can use the premium to secure improvements in the following indicators:

1. The engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school.
2. The profile of PE and sport is raised across the school as a tool for whole-school improvement.
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport.
4. Broader experience of a range of sports and activities offered to all pupils.
5. Increased participation in competitive sport.

Schools can use their funding to:

- Provide staff with professional development, mentoring, training and resources to help them teach PE and sport more effectively and embed physical activity across your school.
- Hire qualified sports coaches to work with teachers to enhance or extend current opportunities.
- Introduce new sports, dance or other activities to encourage more pupils to take up sport and physical activities.
- Support and involve the least active children by providing targeted activities and running or extending school sports and holiday clubs.
- Enter or run more sports competitions.
- Partner with other schools to run sports activities and clubs.
- Encourage pupils to take on leadership or volunteer roles that support physical activity and sport within the school.
- Raise attainment in primary school swimming to meet requirements of the national curriculum before the end of Key Stage 2.
- Embed physical activity into the school day through active travel to and from school, active playgrounds and active teaching.
